

Custom Window Treatments Add Style

Blinds, Shades, Shutters, And Drapery To Make Your House A Home

las products include: Silhouettes, Luminettes, Allouettes, Archectellar, Tru-view Shutters and more. The manufacturers stand behind their products, and Marcus stands behind the installation. Therefore, Home Blinds offers a **Limited Lifetime Warranty** on all its made-to-measure products.

Let Us Help You Make Your House A Home.

Window treatments add style and warmth to your home. For example, Plantation Shutters are extremely popular for both traditional and contemporary décors. They add a custom look to any room, and value to your home as a fixed asset. Plantation Shutters are versatile, have insulating properties, and are great at regulating and blocking light. They are available in wood and faux wood.

Other products available from Home Blinds include Wood and Faux Wood Blinds, Bamboo Shades, Honeycomb Shades, and Cellular Arches. Home Blinds has a stylish product to meet every budget.

Moving Into A New House?

Moving into a new house is fun and exciting. Consider asking your real estate agent to arrange for you to measure the windows in the house three weeks prior to settlement. They are often happy to accommodate you. Contact Marcus and have him measure all the windows for you and suggest the products that will meet your immediate needs. Marcus can order the window treatments and you can schedule installation as soon as possible after settlement. By planning ahead, you will have window treatments up quickly to ensure your privacy from the start.

Personalized Service Is Key

From the moment you call Home Blinds you will be impressed with the personalized service Marcus provides. He puts you at ease from the moment you first talk to him. He listens carefully to your needs and suggests stylish and suitable window treatments. You will be amazed at his depth of knowledge and his outstanding customer service. "I get a lot of referrals from satisfied customers," says Marcus. "They like the products and my professional attitude."

For more information, call Home Blinds at 301-847-7000, or visit the company's website at www.homeblindz.com.
